Noelle has always had an independent mindset and a narrative that has captured the spirit of Nashville's creative community, offering an authentic encounter with the warmth, talent and people of the city.

In keeping with the soul of our storied hotel, Noelle will be flying the coop and spreading our wings. Beginning December 21, 2022, Noelle will transition to a fully independent lifestyle hotel, allowing for more creative liberty. This means more commissions and rebates, with the same great service, culinary experiences and beautiful spaces.
